# ARKANSAS SMALL BUSINESSES DO

Presidential Tariffs Paid by Arkansas Companies  
March 2018 – September 2025

2018/2019 tariffs seemed huge after decades of few presidentially imposed tariffs ...

...but pale in comparison to the **\$394 million** paid by Arkansas importers from March to September alone!

**\$1.7B**

**\$78M**

**800+**

of Arkansas' tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

of the \$87M paid on imports into Arkansas in September 2025 -- or 90% - - were due presidential actions (Section 232, IEEPA, etc.)

small businesses have banded together to join the fight against harmful tariff policies.
