UTAH SMALL BUSINESSES DO

Presidential Tariffs Paid by Utah Companies
March 2018 – November 2025

2018/2019 tariffs seemed huge after decades of few presidentially imposed tariffs ...

...but pale in comparison to the **\$1.1 billion** paid by Utah importers from March to November alone!

\$3.0B

of Utah's tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

\$149M

of the \$169M paid on imports into Utah in November 2025 -- or 88% -- were due presidential actions (Section 232, IEEPA, etc.)

800+

small businesses have banded together to join the fight against harmful tariff policies.
