ILLINOIS SMALL BUSINESSES DO

Presidential Tariffs Paid by Illinois Companies
March 2018 – September 2025

2018/2019 tariffs seemed huge after decades of few presidentially imposed tariffs ...

...but pale in comparison to the **\$7.2 billion** paid by Illinois importers from March to September alone!

\$23B

of Illinois' tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

\$1.3B

of the \$1.3B paid on imports into Illinois in September 2025 -- or 93% -- were due presidential actions (Section 232, IEEPA, etc.)

800+

small businesses have banded together to join the fight against harmful tariff policies.
