**Presidential Tariffs Paid by Rhode Island Companies
March 2018 – September 2025**

*2018/2019 tariffs seemed
huge after decades of few
presidentially imposed
tariffs ...*

*...but pale in comparison to the
\$756 million paid by
Rhode Island importers from
March to September alone!*

\$1.1B

\$96M

800+

of Rhode Island's tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

of the \$107M paid on imports into Rhode Island in September 2025 -- or 90% -- were due presidential actions (Section 232, IEEPA, etc.)

small businesses have banded together to join the fight against harmful tariff policies.
