**Presidential Tariffs Paid by New Hampshire Companies  
March 2018 – September 2025**

*2018/2019 tariffs seemed  
huge after decades of few  
presidentially imposed  
tariffs ...*

*...but pale in comparison to the  
**\$416 million** paid by  
New Hampshire importers from  
March to September alone!*

**\$968M**

of New Hampshire's tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

**\$81M**

of the \$91M paid on imports into New Hampshire in September 2025 -- or 90% -- were due presidential actions (Section 232, IEEPA, etc.)

**800+**

small businesses have banded together to join the fight against harmful tariff policies.
