PAY THE TARIFFS...**

FLORIDA SMALL BUSINESSES DO

Presidential Tariffs Paid by Florida Companies
March 2018 – September 2025

2018/2019 tariffs seemed huge after decades of few presidentially imposed tariffs ...

...but pale in comparison to the **\$5.0 billion** paid by Florida importers from March to September alone!

\$13B

of Florida's tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

\$815M

of the \$936M paid on imports into Florida in September 2025 -- or 87% -- were due presidential actions (Section 232, IEEPA, etc.)

800+

small businesses have banded together to join the fight against harmful tariff policies.
