TEXAS SMALL BUSINESSES DO

Presidential Tariffs Paid by Texas Companies
March 2018 – September 2025

2018/2019 tariffs seemed huge after decades of few presidentially imposed tariffs ...

...but pale in comparison to the **\$15 billion** paid by Texas importers from March to September alone!

\$41B

of Texas' tariffs paid since 2018 solely at the discretion of the President but never approved by Congress.

\$2.8B

of the \$3.0B paid on imports into Texas in September 2025 -- or 92% -- were due presidential actions (Section 232, IEEPA, etc.)

800+

small businesses have banded together to join the fight against harmful tariff policies.
